Note to the AH Counter

- As a member or guest is introduced, write in their name immediately. This makes it easier to put an "X" or "√" next to their name in the appropriate column.
- During the meeting, ***try not to get caught up in listening to the content*** of the talks and evaluation. Rather, strive to be alert for Ah's Um's, etc
- Remember, when you push the buzzer, you're not embarrassing or criticizing the person - you're making them aware of an area that needs improvement.
